Profile

Third year electrical engineering undergrad with keen interest in the field of cloud native technology, seeking to learn and grow as a professional **DevOps** engineer along with contributing to the open-source community.

Education

B.Tech-Electrical Engineering
Birla Vishwakarma Mahavidyalaya
Year: 2020-2024
Expected Graduation - July 2024

Certification

Google Cloud Certification: Cloud Engineer
Certificate link-
https://coursera.org/verify/professional-cert/5QJCJ445UK7Z

Architecting with Google Kubernetes Engine
Certificate link-
https://coursera.org/verify/HGYNTR42437Q

Complementary Skills

- Tech Enthusiast, with collaborative mind-set.
- Good communicator, Quick learner
- Prefers **collaboration** over competition

Projects and Experience

Development (Java)

I have basic idea of android development with Java as primary language. Some projects are:
- Basic calculator
- Music player

Development (Go)

- Slack bot - age calculator
- Slack chat bot (NLP)
- Email checker tool
- Book management system

Tools and Technologies

I have decent understanding of Google Cloud Platform and can perform basic deploymetnt operation smoothly.
- VS code, Git bash, Linux
- Docker, **Kubernetes**
- Terraform, Jenkins (basics)
- Google Cloud Provider (GCP)

Core Competence

- Java, Golang, HTML, CSS, Php, SQL
- Git, Github
- DevOps basics (VMs, Containerisation, Orchestration, CI/CD)
- Networking and OS.
- XML, JSON

Future Goals - Looking forward to become a professional devOps engineer and an active open source contributor.
