Profile

Third year electrical engineering undergrad with keen interest in the field of software development and cloud native technology, seeking to learn and grow as a professional **software** engineer along with contributing to the open-source community.

Education

B.Tech-Electrical Engineering
Birla Vishwakarma Mahavidyalaya
Year: 2020-2024
Expected Graduation - July 2024

Certification

Development with ReactJS by Meta
Certificate link-
https://coursera.org/verify/NB9WU5M5S2H7

Google Cloud Certification: Cloud Engineer
Certificate link-
https://coursera.org/verify/professional-cert/5QJCJ445UK7Z

Complementary Skills

- Content creator (500k+ on YT)
- Collaborative mindset
- Meditation trainer

Projects and Experience

Development (ReactJS)

I have been learning React for the past 3 months and have developed a strong grip on its fundamental concepts. Projects I have worked on to apply the knowledge are :
- Calculator
- Music player
- Gift-cards
- Todo list app

Tools and Technologies

Along with the development part, I have a decent understanding of Google Cloud Platform and can perform basic deployment operations smoothly.
- ReactJS, Bootstrap, npm
- VS code, Git bash, Linux
- Docker, Kubernetes, Terraform
- Google Cloud Provider (GCP)

Core Competence

- JavaScript, Java, Golang, HTML, CSS, SQL
- Git, Github
- DevOps basics (VMs, Containerisation, Orchestration, CI/CD)
- Networking and OS.
- XML, JSON

Future Goals - Looking forward to becoming a professional software engineer and an active open source contributor.
